

## **SAVANNAH RIVER NUCLEAR SOLUTIONS, LLC**

### **DEFINED CONTRIBUTION PLAN**

#### **SUMMARY OF MATERIAL MODIFICATION**

The Savannah River Nuclear Solutions, LLC Defined Contribution Plan (SIP or Plan) has been amended to make the change summarized below. This Summary of Material Modification (SMM) is a supplement to the Summary Plan Description (SPD) for the Plan and modifies some of the information found in the SPD. Please keep a copy of this SMM with your copy of the SPD.

Prior to June 1, 2015, a Participant was required to have One Year of Eligibility Service, i.e. generally have completed at least twelve months of employment, before being eligible to receive the Company's 50% Matching Contribution. Effective June 1, 2015, this One Year of Eligibility Service has been eliminated. The effect of this change is that Participants who are making Before or After-Tax Contributions, after June 1, 2015, shall be immediately eligible to have such contributions matched by the Company, in accordance with the terms of the Plan. Such Participants will no longer be required to wait at least one year before being eligible to receive a Company Matching Contribution. However, Limited Service Employees still must complete One Year of Eligibility Service before being eligible to make contributions to the Plan.
